

## PRESS RELEASE - FOR IMMEDIATE RELEASE

### INCOME CAPITAL MANAGEMENT Reports Strong First Half 2025 Results Amid Global Volatility

**Prague, July 1, 2025** — INCOME CAPITAL MANAGEMENT, an alternative asset management company specializing in proprietary FX strategies, announced strong performance figures for the first half of 2025, delivering **+32.03% YTD** and **+62.08% cumulative returns since April 2024** for its Aggressive Investment Level strategy.

“In a world gripped by uncertainty — geopolitical tensions, volatile markets, and shifting policy — staying afloat is hard. Outperforming is rare. But delivering double-digit alpha? That’s what we do,” said **Paolo Volpicelli**, Founder & CEO of INCOME CAPITAL MANAGEMENT.

#### Performance Highlights (Aggressive Investment Level):

- **June 2025:** +3.45%\*
- **Q2 2025:** +12.00%\*
- **YTD (Jan–Jun 2025):** +32.03%\*
- **Cumulative (Since Apr 2024):** +62.08%\*

\*Performance reflects the Aggressive Investment Level of our flagship fund. ***Past performance is not indicative of future results.***

These results reflect the firm’s disciplined approach to risk, data-driven models, and deep understanding of the FX markets. While traditional strategies faltered under market pressure, INCOME CAPITAL MANAGEMENT maintained its focus, delivering consistent outperformance.

“Our edge is not luck — it’s structure, conviction, and execution,” Paolo added. “In times like these, capital doesn’t chase stories. It follows discipline.”
